

## **Banrisul's shares included in new BM&F Bovespa's Corporate Governance Trade Index**

**Porto Alegre, January 3, 2011** – Banrisul's preferred shares (BRSR6) have become part of BM&F Bovespa's new indicator, the Corporate Governance Trade Index (IGCT). Released today by the stock exchange, the index will analyze the daily performance of stocks issued by companies that voluntarily adopt different corporate governance standards. According to BM&F Bovespa, the IGCT will be reviewed every four months and consider items such as trading and minimum participation in trading sessions throughout the period (at least 95%). The IGCT index differs from the already existing index (IGC, or Corporate Governance Index) by considering also the liquidity of the stock.
