CORPORATE GOVERNANCE

Listed on BM&FBovespa (Brazilian Securities and Derivatives Stock Exchange) Corporate Governance Level 1, Banrisul fully meets the requirements of its listing level and other corporate governance's requirements as well, in line with best market practices, on behalf of greater transparency, fairness and proper accountability, while enhancing credibility and the interest of investors and customers.

Since early 2008, the Bank has established quarterly payment of interest on equity, and historically has remunerated its shareholders by paying interest on capital and dividends above the minimum level required.

At the end of 2015, net of income tax withheld at source, R\$335.1 million were paid and/or provisioned for as interest on capital and dividends.

SUSTAINABILITY

For the Bank, sustainability is the strategic part of the business. It is a management practice that works for the best results, always seeking to improve the well-being of its customers, employees, suppliers, contractors, society, government and the environment. It is a constant concern in all actions and programs adopted by Banrisul, recycling of ideas and attitudes.

Banrisul, as a supportive agent of community initiatives, values and promotes attitudes that impact the communal well-being. Confirming its historic commitment to society, the Bank contributes to the social development through projects in education, culture, sports and environment.
